PROJECTS

Personal portfolio [↗](#)

June 2024

- Developed a mobile-friendly portfolio using HTML, CSS, and JavaScript, ensuring seamless user experience across various devices and screen sizes.
- Implemented dynamic elements such as a contact form, image gallery, and project showcase, enhancing user engagement and interaction.
- Tech Stack: HTML, CSS, Javascript

Spotify Clone [↗](#)

March 2024

- Made a website that looks like Spotify, using just HTML and CSS Only.
- Made sure it looks good and works well on laptops and computers.
- Used only basic coding skills to create buttons, menus, and music players.
- Tech Stack: HTML and CSS

Calculator [↗](#)

March 2024

- Developed a calculator using HTML, CSS, and JavaScript that accurately performs calculations and displays results in real-time.
- Designed a user-friendly interface with basic arithmetic functions such as addition, subtraction, multiplication, and division.
- Tech Stack: HTML, CSS, JavaScript

EXTRA CURRICULAR

NSS [↗](#)

March 2023 – till now

Member

Ahmedabad

- Joined in activities like cleaning up neighborhoods, planting trees, and spreading awareness about important issues.
- Went to areas where people need help and provided things like teaching, medical care, and teaching new skills.
- Took charge in organizing events, getting volunteers together, and making sure everyone worked well as a team.

HOBBIES

Playing Games: Enjoy spending free time playing video games, especially strategy and role-playing games.

Reading Books: Love diving into different books, from fiction to non-fiction.

Listening to Music: Relax and unwind by listening to a variety of music, finding joy and melodies.
